Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Wednesday 28 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Heavy rain easing in the north, sunshine and showers elsewhere.

This Evening and Tonight:
Rain at times across Scotland easing by dawn. Further heavy, thundery showers across central UK, particularly affecting northwest England. Southern areas, breezy and becoming mostly dry with clear spells.

Thursday:
Drier across southern areas than recently. Cloud and rain over Scotland moving into Northern Ireland and northern England, turning more showery. Rain and strong winds arriving in the southwest later.

Outlook for Friday to Sunday:
Strong winds and showery rain moving across southern areas through Friday. Elsewhere showers for many, becoming confined to southern areas, with a lot of dry weather. Generally rather cool.
